

The GeoWarehouse e-Store

Through a live webinar, we will explore all of the additional due diligence opportunities available through the GeoWarehouse e-Store.

The GeoWarehouse e-Store give you access to reports containing authoritative data that will help you keep up with the ever-changing needs of the Ontario home buyers so you can complete in today's real-estate market with greater insights.

Topics of conversation will include:

- How to access the **NEW GeoWarehouse eStore**
- How to purchase official records from the Land Registration System of Ontario including the **Parcel Register, Instrument images** and **Deposited Plans**
- How to purchase a MPAC report containing a property valuation, structural attributes, and land use.
- How to recognize if a **Condo Status Certificate** is available
- How to recognize if a **Surveyor's Real Property Report** is available
- How to purchase **Aerial Imagery**

Theresa Corindia joined Teranet Inc. 19 years ago as a contributor to the Land Registry Implementation project.

In 2000 she joined the Customer Service team where she helped to shape the Customer Service Centre department and became a top agent that specialized in GeoWarehouse & Purview Online Solutions.

Theresa became The Training Program Leader for Teranet Value Added Solutions in November 2013 and in her dedication to understand the needs of the Real Estate Profession she has recently completed the Pre-Registration portion of the Salesperson Registration Education Program at the OREA Real Estate College and has registered her license with a brokerage in Toronto.
